Carry-in food is always welcome.

The Bay Beach Wildlife Sanctuary is a beautiful 535 acre urban wildlife refuge featuring live animal exhibits, educational displays, miles of hiking/skiing trails, and various wildlife viewing opportunities. It is the largest park in the Green Bay Park system and is home to the largest wildlife rehabilitation program in Wisconsin, caring for more than 6,000 orphaned and injured animals annually.

Our Mission is to provide an urban wildlife refuge where people can interact with wildlife, plants, and other natural resources through environmental education and recreation.

First established in 1936 as a site for waterfowl rehabilitation, the Sanctuary has grown to offer environmental education programs to over 10,000 students, nature walks, urban fishing, summer camps, cross country skiing, event rental, and much more. With a variety of rental spaces available, the Bay Beach Wildlife Sanctuary is the ideal location to host an unforgettable event.
